SPEED OF PLAY

Each foursome is responsible to keep up to the speed of play of the course. Speed of play is not measured by how far ahead you are of the group behind you, but how far behind you are of the group ahead of you. No round of golf should exceed 4 hours 20 minutes. Always be ready to play your shot. In social play, adopt the "ready golf" rule having due regard for your fellow players safety. On the green, line up your putt while the others are putting. Mark your scorecard on the next tee.

DIVOTS, BALL MARKS AND SAND TRAPS

Naturally, we expect all players to replace divots, repair ball marks on the greens and rake the sand traps after playing their shots.
